

Bunnings Kirrawee Fundraiser

January 28

With the cost of running the club rising almost daily and the committee striving to retain the current fee structure in the wake of this dilemma, it was decided to accept Bunnings' offer to conduct another sausage sizzle at their Kirrawee store in the Sutherland Shire.

On this occasion, it was an extremely hot summer long weekend holiday Monday but, nevertheless, an eager band of committee and members fronted to 'face the music'.

We had quite an attractive line up of Morries next to the cook-house with Low Lights prominent in their splendour. The 'catering staff' were all decked out in the club regalia, so the club was well advertised on the day and created quite a bit of interest amongst the general public.

While the delightful aroma of sizzling sausages and onions attracted some customers, the heat of the day obviously turned away the big eaters and hot sanger sandwiches with onions were a bit difficult to sell. This, of course, meant that our income on the day was not as big as expected. Despite this, we at least made a reasonable profit for the club so all was not in vain.

The Committee's sincere thanks goes to everybody who attended and helped out, particularly those members who travelled long distances to assist, namely Ray Selby, Fay and Terry Cullen plus committee members Scott Barraclough, Owen Sinden, Les Whale, Stuart Treuer and Ann Thompson. We also had the pleasure of initiating Michael Sepokas, a fairly new member, into one of the many aspects of the club's activities. Locals who attended were Sue and Graeme Gould, Jim Bowen Micheal Sepokas, John Bowmer and Bob Gilliland. Thank you everybody!

Cheers,
Bob Gilliland

Low Lights rule!

If you can't stand the heat... Graeme Gould and Michael Sepokas 'enjoying' their shift

John Bowmer shows his style - preparing the snags

Where's the customers?
We still enjoyed the day!
