

Mid North Coast

We have had our usual monthly Tuesday luncheons at Kendall Services Club in January and February, where we have had a few local members attend. Our numbers seem to be down on these lunches and we have not had any specific Morris activities in the area (and I have heard of no other gatherings where our members have attended).

For Australia Day, the local car club had a drive around Kempsey; we had 3 Morris Minors attend, and there were more under the KMARC banner. We have a new car in the region, a Datto-powered 1000, currently not back on the road. Cliff in Nambucca is working on that aspect, hopefully I can get him to come in from the dark side.

Rhonda and I elected this year to take our camper away and spend time sight seeing, interspersed with Gnoo Blas activities, followed by the Wellington weekend. Our modified lowlight performed well; we did over 3500 miles, without any problems. Of course, as I have had my tilt tray trips home in the past, I should not speak too much about our faultless trip.

It was great to catch up with members from the other regions, thanks to Bob for his efforts hauling gazebos around the state to keep us cool and to Stuart for carrying the BBQ so we could cook up a storm.

We are off to the UK on 31st March just in time to see the UK Morris Minor fraternity emerging from their hibernation, returning on 21st May.

Activities planned for the Mid North Coast - Hat Head Rally, first weekend in May, contact me if you are interested. No luncheons have been organised during our absence.

The October long weekend will see a gathering of Morris Minors at our property in Kempsey. Some of the accommodation has already been booked, but there is plenty of space left for tents, campers, caravans and we have a good selection of reasonably-priced motels. Time on the hoist can also be booked, we will have experts on hand to assist with any repairs you may wish to do. Please email or ring us for more details or bookings.

Cheers,
Colin Trusler 0408 240 078
