

Wollongong / Illawarra

By :- Ray Davies

We've had an 'interesting' start to the year with the January meeting missed because it fell on New Year's Day and the March meeting being an excursion to Southern Engineering for a tour of their shop. We did manage a more normal meeting in February and actually got some business done.

We have had a couple of outings so far this year, including Australia Day at Berrima, the Seniors' Concert in Sydney and the Festival of Steam at Thirlmere. There are reports on these elsewhere in this magazine.

Coming up we have a trip to Joadja planned with the Southern Tablelands group and, of course, some of our members drive the old Diggers in the ANZAC Day parade. May will be a busy month with the WOI and the Berry show. Both of these are well worth attending so have a look at the *Events* on page 6 in this magazine for the dates.

I cannot finish without complementing our new Wollongong/Illawarra editor, Pat, on his first edition of our magazine. He had a couple of false starts but, with lots of help (perhaps too much help), he got it done. The next issues should be easier as the routine becomes established.

Well, that's all there is for now. Until next time may all your problems be Minor ones.

Coming Events
