

Wenona School Annual Car Show - June 7

A small but enthusiastic group of car owners had their cars on display at the Wenona School, North Sydney, for the car show. Unfortunately, it was on the Friday before the June long weekend and, from a Morris Minor point of view, (as members who would normally display their cars were down at Eucha), I was the only MM car owner present. In total, there were 5 sedans, one Formula race car and 4 motor bikes on display.

Morris Minors: always popular at Wenona

of their respective vehicles, followed by a question and answer session. This made for a very interesting and enjoyable day. As is usual, morning tea and lunch were provided by the school. The display was wound up at 2.00pm which allowed time to get back over the harbour before the afternoon peak period. It was great to meet up with some of my young friends again who were working on the school's Morrie when I was last there 18 months ago. Story and photos: Bob Gilliland

Guinness World Record - most Wenona students in a yellow Morris Minor van ever!

The format was changed somewhat this year with the owners giving talks, generally to groups of girls, on the vintage and safety features (or lack of)
