

Sydney

Hi everyone,

Hello fellow Morris Minorists and what a crazy start to the year this has been: fires, floods, viruses... when will it end? Well, it seems that most of the events that I was hoping to 'wow' you with on my first time in this position have been postponed. What can I say, but, it's better to be safe than sorry I guess.

The organisers of the Inaburra School Fete and the Museums Discovery Centre Family Fun Day have both indicated that they are looking at running their events in September so it could shape up to be a busy second half of the year... fingers crossed.

Hopefully we can put together some low-key events soon, any suggestions please don't hesitate to contact me by email or phone - sydney@morrisminornsw.org.au or 0412 253 344.

For me it's been a quiet time in the garage at home to be honest, it's either too hot, too wet, or just me being lazy... (too many excuses some may say) but I am still feeling very positive. Some parts have arrived as ordered and now it's back on to me to get them in place and work out the next steps to take.

I'll have some more updates next issue I'm sure. Please try and stay safe during these trying times.

All the best,
David
