

## Southern Tablelands

Greetings to all our friends in the Southern Tablelands Region! There is not much to report because not much has happened.

However, there is light at the end of the coronavirus tunnel - it looks like restrictions are being eased more from 1st June - so by July things should be a lot better.

So, we're going out on a limb here and organising our first outing! It will be at Lake Alexandra at Mittagong, on Sunday July 5, starting from 11.00am. There are barbecues there but they might not be available for community use - who knows?

So it will be a bring-everything-you-need-BBQ, seats, tables, rugs, food and drinks, etc. If you can bring a spare seat that would be good as some people may not have one. And no sitting on other's laps as we might still have to social distance. Can anyone bring a gazebo?

This should be a great way to catch up with fellow Morrie enthusiasts after the

dark days of the coronavirus pandemic.

Fred Missingham, we hope you are well after your spell in hospital and that all is OK with your pesky prostate.

Cheers everyone,  
Ray Selby, Terry Cullen and Brian Nicholson

### Southern Tablelands - Outings

Sunday July 5 - Lake Alexandra, Mittagong, 11.00am start. BYO everything, including chairs, rugs, etc.

If you have a gazebo or large umbrella and you can fit it in your Morrie, please bring it.

Expect more local outings in the July-August *Minor Torque*.
