

## Annual General Meeting and Christmas Luncheon - 13 Dec

What a year 2020 was - but what a pleasant way to finish off the year with our last general meeting, the AGM, then the Christmas luncheon. While in the grips of COVID-related restrictions, it was credit indeed to Bob Gilliland, Ann Thompson and Stuart Treuer that the events of the day went ahead.

The AGM only went for 30 minutes, giving credence to the oft-said comment 'a quick meeting is a good meeting'. In an indication of collegial togetherness, the elections for office bearers went extremely smoothly, with plenty of club members willing to volunteer for positions.

Congratulations to the 10-year award recipients, who were awarded at the meeting. The highlight for most attending was Bob Gilliland's heartfelt President's Report, which summed up perfectly the type of year we had, thanked those whose efforts were considerable, and looked forward positively to a more fruitful year in 2021.

Lunch was enjoyed by all. Morrie placemats were at each table setting. We each received a ticket and each ticket won a prize - what a good planning! It was a fun way to celebrate the end of a not-so-fun year.
