

Sydney

Breakfast with the Cars - The Armory Cafe, Newington/Sydney Olympic Park, Nov 22

What a great place to meet for an early morning breakfast. The Armory Wharf Café at Newington was our destination, 8am our meeting time, 9am the café opened, but did we have a booking??? Lesson learnt here I have to admit; luckily for me they were able to fit 15 of us in at such last minute notice.

On the Parramatta River, an idyllic location

A quick dash to the car to check on my list of attendees (14 expected, 15 actual), what a relief, we're OK. Once we had worked out the QR code thingy to register our attendance (thanks corona!), we were seated and ready to tackle another QR code thingy and their online menu and ordering system. Fortunately, some of us worked out that we could go 'old school' - we ordered with a person and paid with cash.

It was a great spot on the water with

some water skiers and ferries etc, giving us something to look at, amidst the cheery chatter of the MMCC members enjoying breakfast and a good old catch-up. Once our time was up we headed back up to the car park and looked over some of the cars (it was noted the Christmas colours of Owen and Mark's cars parked next to each other too). Overall I think it was a nice morning had by all, and a destination that will definitely be on the list of events again next year.

Ferries: just like waiting for a bus - then two come along

Sydney Outings Report

This is the quieter time of the year for the club for a few reasons, one being that there weren't many Minors that came out with air conditioning installed, and it can get *hot*. I have some things in the pipeline that will come up in the next magazine once the Christmas season is over (and hopefully the vaccine is here) so we can all start 2021 in higher spirits.

Once again, until things are eased off completely we will have to observe the restrictions on outdoor gatherings (currently limited to only 30 people), and the following will apply:

You must RSVP to me for any outings that I have organised via email, phone call or text (0412 253 344) to reserve your spot, and once I confirm back to you, you're in. As attendance is limited you will need to get in early to secure your place. I will keep a list which will then be checked off at the venue on the day. Any members who come along on the 'off chance' will only be accepted if there are sufficient places available, so be sure to book early.

A (very) quick update on my car

Nothing new to report on my car but I hope to have some more updates and pics in the new year.

Regards,
David
