It was a sunny Sunday morning when we meet up to go to Kangaroo Valley for our Annual Anniversary Picnic Day that had been put off since June because of the COVID virus. We meet up at Nungary at 9.15 for a 9.30 departure: Ray, John, Mary, George, June, Ted, Wendy, Pat, Rose, Colin, Patricia, Bryan, Les, Sue and myself set off towards Kangaroo Valley.

Along the way we stopped at Berry for coffee & donuts. As usual it was very crowded so we drove down to the park at the end of town to have our refreshments. Whilst there, Ros & her sister Kaye arrived. After much gas bagging we set off for the Valley.

As usual it was a windy steep climb with quite a few potholes but we finally

arrived at around 11am to find that every body else from Southern Tablelands and Sydney were there and already set up for the day.

Bryan had brought along the BBQ trailer so everyone who came with meat could cook it as there are still places where the provided BBQs as still turned off.

The weather was bright and sunny which makes a change because in June it is usually quite cold and wet.

There were 14 Morries and 30-ish members who attended on the day, making it a very pleasant change, as we have had very few days where we could have those sort of numbers. It was great to see that everybody had a good day out and to see each other.

We headed off around 2pm as we had to go to my grandson's 4th birthday.

Another great day with excellent company!
