

## More from Ian Lennon

Most of you will remember in the last issue of Minor Torque that the club's foundation member, Ian Lennon, donated a small mountain of memorabilia to the club's library.

Much of this was on show at the April general meeting, where it generated much interest.

Also included was a stack of photos from the first National Morris Minor Rally, in 1983 in Bundanoon, many of which are reproduced here.

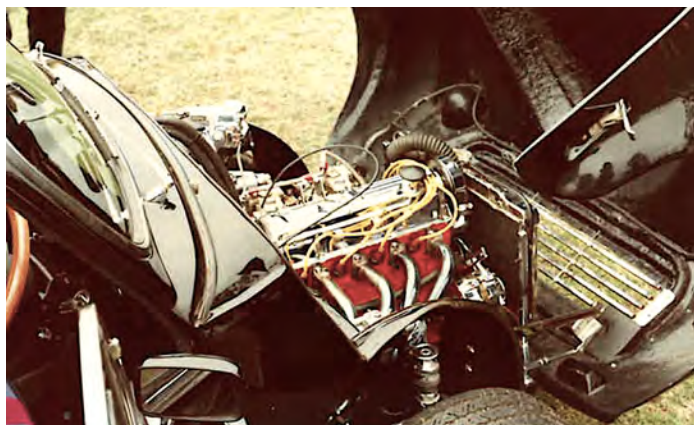

The Show-and-Shine for the 1983 Rally was held at Exeter Oval.

Ian Lennon's van

This black van generated a LOT of interest
