

The Shire Breakfast Run - May 1

Sunny skies greeted the group at Heathcote prior to the drive through the Royal National Park to Stanwell Tops. Gary Weeding brought his new van 'Hell on Wheels' and his son Brad along for the trip as well.

How often have we had clear blue skies on the eastern seaboard for the past six months? It was a good turn-up, resplendent in pink for Marion Chapman.

The photos tell the story of 10 Morris and 12 members - great company, great views, great driving, great food - and wonderful memories of Marion.
