

Sydney Report

Hello fellow Morris Minorists...

After a hectic start to the year, with Gnoo Blas and then Wellington, Morris Minor things have slowed down a bit. Still, we do have some big outings in the pipeline, and of course the National Motoring Heritage Day just gone.

Outings: The Anniversary Run to Kangaroo Valley on 19 June... with the road in from the north still closed due to floods/rain damage, there has been some word re a change of venue, so keep a look out for a possible change-of-venue email.

East Hills Charity Car Show is a possible venue for those who want something closer.

Two huge car shows - Shannons and All British Day - are of course still to come, I hope you can make it to one or both of them.

Regalia: The new regalia has arrived and is now being distributed. Word on the street is the new coats are a wonderful addition, especially with winter approaching. Please let me know if you need anything.

My car: Things have slowed down - but the plans are still in place. I'll get there!

Cheers,
