Sir Rom Mailliw

Sir Rom's suggestions for the thoughtless/tasteless car owner. Hey, some of these might go perfectly in a Morrie!

Ok. Three questions. How much? Where? How long to install? I would like both driver and passenger side options.

Interior looking a bit drab? A samurai sword gear stick could be just what's needed...

Do you own a ute? Or a caravan? Set yourself and your friends up for a summer of fun with these swimming pool options :)

Coffee table decoration? Great talking point? Don't ask me, what would I know! A nasty Ninja with a 5/8 spanner? Watch out!!!
