

## Minor Minis...

The caption competition ran in the Nov-Dec '22 *Minor Torque* attracted just two entries, with David Bursill taking it out for the second consecutive year (Sir Rom did submit an entry but it was unprintable...).

Bob: I'm keeping my hands firmly in my pockets this time boys, last year I got some oily crap on my thumb poking around under a Morrie bonnet.

Les: That's why you should keep your 2 fingers out like this to protect your thumb.

David: I'm not going anywhere near that Morris engine either... oh wait... it's a Datsun... I'm confused.

**Minor Torque** welcomes two new contributors to the MMCCNSW magazine: Kelly B from the Southern Highlands, and Kris D from the Sydney region. Thanks for your contributions, ladies!

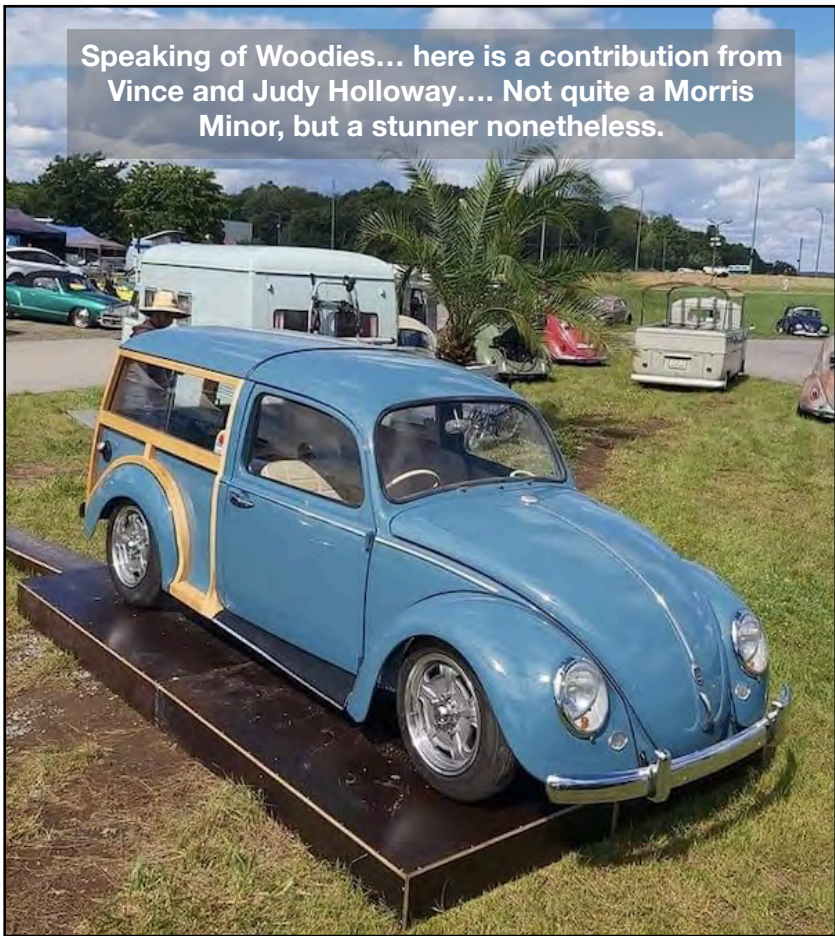

Firstly, here are Kelly B's contributions - a classic Morris Minor convertible and an equally-beautiful VW convertible from 'Cars n Coffee', Berrima. Thanks, Kelly!

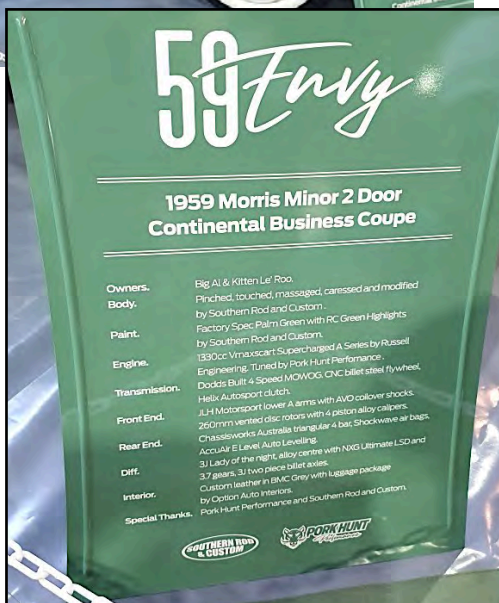

And from Kris D, taken during her intrepid excursion to the 'other side' (aka England), two views of a beautiful green woodie.

Speaking of Woodies... here is a contribution from Vince and Judy Holloway.... Not quite a Morris Minor, but a stunner nonetheless.

Summernats 2023, starring a 1959 Morris Minor! -from Mark Bancroft

From John Ballard: the rear end of a Morris Minor starter motor. Yep, gotta be careful with those after market spare parts!
