

Camden Show - March 26

From MMCCNSW's newest correspondent,
Byron Littlewood

Hi Owen,
How did the drive to Adelaide go? I noticed
some Minors towed on trailers - well that's not a
good advert for Morris Minors. Even mine with a
1098 engine, I would drive it.

As to the Camden Show: not a great show of
classic cars, I think other car shows were on in
the area. Camden Show was good, plenty to
see and the weather was not too hot.

Here is a collection of the classic cars on show.
