

Alas No Morris Minors (Again)

Unfortunately I missed the Shannons Eastern Creek Classic event as Sue and I were away touring outback NSW in our caravan.

Along with Sue and John Ballard, we all met up with other members of the caravan club at Broken Hill to spend about six nights.

After that we headed off to Tibooburra staying overnight at Packsaddle, a small roadhouse and free camp.

Old Relic, Tibooburra

Holden 1948 Series 215, Little Topar

A day trip out from Tibooburra to Cameron Corner was the highlight of the trip. This is where the borders of Queensland, South Australia and New South Wales meet. Other townships that we stopped after Tibooburra were White Cliffs, Cobar and Trangie.

We took the opportunity to stay with the Ballards in Dubbo to sort out the Morris parts donated to the club by John Hepburn, and then on to Orange for a stay to catch up with Wendy, Don and Thomas Gorton. Thanks to Sue and John for our overnight stay and to Wendy and Don for their hospitality.

As can happen on these trips a Morris was not sighted, but we did spot a number of old relics, some of which were indistinguishable.
