

Anniversary Day - MMCCNSW's Annual Show and Shine - Nov 19

Prospect Reservoir was the venue; we hadn't been there for many years but it was good to be back. I do wonder why Sydney's dams are losing favour as a picnic destination, but for a car club dams are perfect.

A total of 19 Morris Minors were there (plus one MGY), with 27 members present. Look at the photos and you will see that the weather was absolutely perfect, quite in keeping with the best cars our club has to offer.

Stuart and Ann towed the club's trailer (thank you!) so it was BBQ lunches all round, with BYO food on the menu for all. The pleasantness of the surroundings was there for all to enjoy; catching up with friends, checking out the cars, plus eating and drinking and being merry.

Great line up of club Morris Minors (L Whale)

Spare a thought for two people who may not have the chance to enjoy the day as much as the rest of us, namely the two Davids Bursill and Nunn. David and David were the judges and didn't they have a tough job to do! A half-decent look at the cars on display and onlookers wondered how the two Davids would ever be able to separate the cars.

45th Anniversary Show & Shine at Prospect Reservoir

Picture perfect environment for lunch (L Whale)

Judging: a tough job but someone has to do it. David Bursill (L) and David Nunn (R) with club President Graeme Gould

Trio of Schnebli stunners!

But separate the cars the judges did, so congratulations to all the winners and even the nearly-winners because the quality was so high and the margins extremely narrow.

President Graeme Gould made the presentations, firstly thanking all the people who had in some way helped to make the day happen: judging, arranging the anniversary cake, organising the trophies, setting out the presentation; a big day of celebrations for our club. Oh, and it was our 45th birthday, too, so happy birthday to the MMCCNSW.

Owen Sinden

The much-anticipated appearance of SMM 34643 - and what a brilliant-looking car!
